WRITING MENTORSHIP WORKSHOP

Pamela Viale, NP, and Wendy Vogel, NP, will conduct this writing workshop. Held in an intimate setting, this session is open to a limited amount of attendees. Come with your idea for a manuscript and leave this session with a full outline and a start to your literature search. You will identify the common pitfalls of writing for a scientific publication and learn how to navigate these potential problems successfully! You will need to bring your laptop computer or Wi-Fi device. Registration for this workshop is required. Conference registrants will be contacted with details on how to sign up.
